*CMS Star Ratings: The CMS quality rating system gives post-acute providers ratings between 1 and 5 stars. The ratings are issued and maintained by CMS. All ratings reflected within the application are synced periodically to the CMS database. N/A means the rating is unavailable because the provider's CMS number is not on file in our system or CMS was not able to assign a rating for this provider. For more information on CMS quality ratings, please visit the Medicare website.
